- RFP and peer review process

- **Dawn Dill**

- Region 3
- State Evaluation
- Procurement and Payments

- **Chris McLaughlin**

- Regions 1, 6, and 8
- Monitoring
- USED and local evaluation

- **Diane Jay: Associate Director**

- **Veronica Tate: Director**

# Meet our Attendees

- How many of you have been awarded a 21<sup>st</sup> CCLC grant for the first time ever?
- How many of you represent cohort 13?
- How many of you are coordinators in cohorts 11 or 12 and have never attended a new coordinators' academy?

# Goals of the New Coordinators' Academy

1

- Gain increased knowledge of the requirements for the 21<sup>st</sup> Century Community Learning Center grants

2

- Apply new learning from the variety of sessions offered which include monitoring, evaluation, data collection, grant management, and working with students in after school programs.

3

- Network with others

4

- Get to know the state staff; and we get to know you.

# About the Program

Allocation to Virginia for 2014-2015 is **\$17.82** million dollars.

That's a **\$1.4** million dollar **increase** from 2013-2014 when Virginia received **\$16.34** million dollars.

**\$8,254,416** million dollars allocated to award **47** first year grants in cohort 13 for 2014-2015. (There were **113** applicants.)

Because of appropriation increase, **24** additional competitive grants were awarded to first year grantees than last year.

# About the Program

In total there are 99 grants operating in cohorts 11, 12, and 13 in 2014-2015.

12 of the 99 are awarded to non school divisions (government agencies, IHEs, private organizations, community-based, or faith-based organizations).

There are grants in all eight of Virginia's superintendents' study group regions.

Since awarding 21<sup>st</sup> CCLC competitive grants in 2002-2003, the Department has awarded 410 grants.

**YOUR efforts make  
the program  
successful!**

- Your 21<sup>st</sup> CCLC grant will enable you to provide students with academic enrichment opportunities along with activities designed to complement the students' regular academic program.
- You play an important role in continuing the child's learning process and development in your beyond school hour programs.

**Institute the  
program with  
fidelity.**

Please offer the best program  
you can, and treat each child with  
the dignity and respect as if he or  
she were your own.
